JOHN FLETCHER MUSIC – REGISTRATION/LOGON INSTRUCTION LEAFLET

The Committee are keen that everyone has access to helpful aids to learning and more importantly, perhaps, practising the music we enjoy singing. The ability to be able to check out a difficult piece, or a timing issue is invaluable, even if you are a competent sight-reader – singing with other “voices” in your own home, car..... is always helpful. So we have made the decision to pay for a Corporate (was Group) Account allowing you unlimited access to all the music – and there is a great deal – available.

What we get for the money – An active Corporate membership entitles the Parent (me) and all Sub Account members (you) to visit the whole site, for in- and out-of-copyright material, and to play all the files through browsers, and/or to download them to hard drives. They can then be loaded onto any mobile device you own which will play them.

In-copyright files must not be shared with anyone else, unless they are a member of our Corporate Account. In-copyright MP3 sound files must not be uploaded directly to our or any website.

First things first: Contact from JohnF’s site to you is done exclusively via email, **so please add JohnF to your email contacts using the email addresses below so that your system recognises them.**
